

## A plastic bottle garden

You have an old plastic bottle, scissors and a few extra minutes?! Then experience this vertical garden!

An easy way to grow your vegetables without a garden...

Cost : < 1\$  
Duration: 15 min

### Materials

- Plastic bottle without cap
- Seeds of your choice (small vegetables or aromatics)
- Compost
- Water

### Tools

- Cutter
- Scissors
- Tape

## CREATION

### Cutting the bottle

- Make a hole in the middle of the bottle with the cutter
- Cut the rest of the bottle with scissors

### Creation of the garden

- Take the top of the bottle and put the neck inside the bottle
- Roll the tape all around to make it stronger

## Final steps

- Put water inside the bottle until the neck

- Then put the compost on the top. Push on it a little bit with your hand

- Put the seed inside and then water it.
